Silver Valet Dental Care 15th Anniversary Celebration
Saturday, October 17, 2026

Congratulations to the dedicated staff and team at Silver Valet Dental Care on the occasion of your 15-year Anniversary Celebration, and welcome to the community partners and friends gathered to celebrate with you today!

Oral health care is essential to assuring good head-to-toe health care and the best possible health outcomes for all. Yet we know that the cost of treatment and other barriers to care prevent people from getting the oral and dental health care they need and deserve.

New Democrats have fought hard to reduce barriers to accessing coverage for dental and oral health care, and I extend my great appreciation for the work of the Silver Valet Dental Care team for your efforts to remove physical barriers and meet the needs of patients facing mobility challenges and complex health conditions.

Your model of bringing dental care directly to people living in long-term care, assisted living, and complex care facilities via a mobile clinic is an astute solution to extend care where it is needed and bring people comfort and dignity. Thank you for your dedication to meeting the oral health care needs of people in our community where they are at.

I am sorry that I cannot be with you to bring congratulations in person. I wish you all the best for the years to come.

Sincerely,

Jenny Kwan
